

CALL FOR NOMINATIONS
2017 HONOR AWARDS

The AIA Miami Board of Directors is seeking nominations for its 2017 Honor Awards Program. The Chapter seeks to recognize achievements for contribution to design, construction and public service related to architecture, the building arts and urban design.

Nominations are being sought for the following awards:

Architect of the Year

Recognizes an architect who has made special contributions to the profession whether through excellence in design, service to the Chapter, or in raising public awareness of the role of architecture in the community. (AIA Miami Members Only)

Young Architect of the Year

Presented to an architect in the first ten years of his or her career since licensing who has made an impact on the profession in terms of design excellence or service to the profession. (AIA Miami Members Only)

Associate of the Year

Recognizes an Associate Member who has made special contributions to the profession whether through excellence in design, service to the Chapter, or in raising public awareness of the role of architecture in the community. (AIA Miami Members Only)

Emerging Practice of the Year (NEW!!)

Any firm, whether an individual or an organization of architects, in which the continuing collaboration among individuals of the firm has been the principal force in consistently producing innovative architecture for a minimum of 3 years and a maximum of 7 years, is eligible for this award. Principal (s) must be an AIA Miami Member.

Leader in Education

Recognizes a member of the academic community who has made a special contribution to the field of architectural or urban design education.

Leadership in Government

Presented to an elected official or public staff member who has made a significant contribution to the awareness of architectural or urban design issues, who has participated in the public side of the design process in such a way as to make a positive contribution to the built environment.

General Contractor of the Year

Presented to a contractor who through the quality of his or her work and the professionalism of his or her service has raised the standards of the building arts.

Consulting Engineer of the Year

Recognizes a consulting engineer who has made a significant contribution to the advancement of the profession of building engineering or achievement in engineering design.

Developer of the Year

Presented to a developer who in his or her work has shown particular sensitivity to the quality of the built environment and whose developments have, in the eyes of the Chapter, demonstrated the value of good architecture.
