Submitting for Fellowship 2022

OVERVIEW

AIA College of Fellows

The College of Fellows, founded in 1952 (Modern College), is composed of members of the Institute who are elected to Fellowship by a jury of their peers. Fellowship is one of the highest honors the AIA can bestow upon a member (only the GOLD MEDAL is higher). Elevation to Fellowship not only recognizes the achievements of the architect as an individual but also elevates before the public and the profession those architects who have made significant contributions to architecture and to society. Only two percent of AIA members achieve the Fellowship distinction.
