Detail-oriented architecture graduate with experience in both architectural and interior design, passionate about creating sustainable, human-centered spaces. Currently preparing for the Architecture Registration Exam (ARE) and LEED certification, while pursuing interior design studies at the University of Miami. Committed to design excellence, collaboration, and advancing creative solutions that improve communities and address global challenges. Experienced with Revit, Adobe Creative Suite, and design documentation, with hands-on exposure to adaptive reuse projects and a strong interest in integrating innovative, environmentally responsible solutions.

EDUCATION

- **University of Miami** (August 2020 - May 2025)
Bachelor of Architecture, Minor in Marketing
Miami, Florida, USA
Cumulative GPA: 3.6 / 4.0

Study Abroad: *Open City Studio, Tokyo, Japan*

Awards and Scholarships:

- Provost Dean's List (2020 - 2025)
- Dean's List (2020 - 20205)
- President's Architecture Scholarship Recipient (2020 - 2025)
- President's Scholarship Recipient (2020 - 2025)

Interior Design Certificate Program (October 2025 - May 2026)

- **Carrollton School of the Sacred Heart** (August 2014 - May 2020)
Miami, Florida, USA
Cumulative GPA: 3.8 / 4.0
International Baccalaureate Program
International Baccalaureate Bilingual Diploma
-

SKILLS

- **Adobe Programs:**
Photoshop
Illustrator
Indesign
Lightroom
- **Modeling Software:**
Autocad
Rhino
Sketchup
Revit
- **Rendering Software:**
D5
Lumion
Enscape
VRay
- **Languages:**
English (Fluent)
Spanish (Professional)

WORK EXPERIENCE

- **AI Spaces** | Architectural Intern
May 2025 - Current
Miami, Florida, USA
 - *Abbadox*
Aventura, Florida, USA
Supported the team throughout the full design process, beginning with schematic designs presented to the client and advancing through design development, where material selections and spatial refinements were finalized. Prepared multiple client presentations, researched and organized material options, and presented selections in person to secure client approval. Collaborated on revisions to ensure all changes were incorporated prior to construction documentation, strengthening project accuracy and client satisfaction. Assisted in producing construction documents, creating detailed sheets for contractor use.
 - *BKC 901*
Miami, Florida, USA
Developed multiple design proposals tailored to client preferences for office renovations, offering scalable options based on desired levels of change. Produced efficient test fits to optimize spatial layouts and support decision-making. Designed a client-facing presentation that effectively communicated proposed solutions and was later delivered to the client team.
 - *Marriott Hotel*
Miami, Florida, USA
Developed the existing floor plan of a Marriott hotel transitioning for use as classrooms by Florida International University. Conducted on-site surveys and translated findings into detailed Revit drawings to document existing conditions. Presented deliverables and insights directly to the Marriott team, ensuring accuracy and alignment with project goals.
- **Innovation Architecture, LLC** | Architectural Intern
June 2024 - March 2025
Miami, Florida, USA
 - *Bacardi Hotel*
St. Thomas, United States Virgin Islands
Researched modular design strategies to advance sustainable development on the island, providing data-driven insights that informed design decisions. Delivered clear presentations to the team on modular systems, improving collaboration and understanding. Designed polished booklets and brochures in Adobe platforms to enhance project communication, and contributed to Revit workflows to support efficient and accurate design processes.
- **UrvanX** | Architectural Intern
Summer 2019
Miami, Florida, USA
 - Completed Revit training courses to build proficiency in digital modeling and design. Applied skills by designing a test space to implement learned techniques. Gained hands-on experience working under an architect, developing an understanding of project workflows, design considerations, and professional practice.
- **Chill'N Nitrogen Ice Cream** | Shift Manager (Team Leader)
September 2018 - June 2021
Miami, Florida, USA
 - Led and organized staff by assigning tasks and overseeing daily operations to ensure efficiency and productivity. Managed client concerns with professionalism, providing timely resolutions to maintain satisfaction. Trained new team members, fostering a collaborative and high-performing work environment. Monitored floor activity to ensure smooth workflow and adherence to standards.
