ADDRESS
1111 Brickell Bay Drive
33131, Miami, FL

EDUCATION

Pratt Institute, NY, Brooklyn//Bachelor of Architecture

August 2017-2022// 2022 Graduate

Took interesting courses such as, “Cyborg Ecologies”,“Black and White Photography”, “Environmental Psychology”, and “Legacy of Roman Form”.

WORK EXPERIENCE

- Pininfarina of America Co.**

Perfomed on various South American projects, enhancing my skills in architectural drawings and 3D modeling, deepening my understanding of design standards and languages. Collaborating globally with architects and developers has broadened my perspective, and overcoming challenges to meet client expectations has honed my creative problem-solving skills. I have also gained skills in implementing parametric design into architectural projects.

January 2023-February 2024
- ODP Architecture & Design**

Engaged on construction documents where I had the chance to deepen my understanding of set of drawings, details, and schedules. I have contributed on facade details where I gained knowledge of structural components to be able to hook a cladding to the tower. Strengthened Revit proficiency and provided input about schedules such as, door schedules, and curtain wall, railing, sliding doors schedules.

September 2022-January 2023
- Erginoglu & Calıslar Architects**

Worked in a luxury housing project in Bodrum, Turkey, where I have contributed to innovative approaches for optimizing the development on a challenging site. Enhanced the villa’s quality through optimization and innovative solutions.

August-September 2021
- Werner Sobek, Engineering & Design**

Contributed in selected projects and competitions, where I have gained knowledge of different facade materials, tools and systems. Helped with various fabrication drawings for windows and also connecting with clients for more information of the project. Strenghtened my proficieny in AutoCAD, Revit and Grasshopper.

May – July 2019
- TABANLIOĞLU Architects**

Shadowed architects in the office. Assisted in drawings and used and learned Maya.

May – August 2017
- NURUS Office furniture Co.**

Learned and used PCON computer language for designing an office space and creating animations of the space. Contributed in client meetings and learned how to engage.

May – August 2016
