OBJECTIVE

- Architectural Designer with 3+ years of extensive work experience, seeking a full-time Architectural Designer position.
(On an active path to Licensure, and willing to relocate.)

WORK EXPERIENCE

Architectural Designer

The Sage Group, San Antonio TX (July 2021 - Present)

- Producing detailed Construction Documentation drawing sets on Revit for various multifamily housing projects.
- Assisting with the Construction Administration, responding to RFIs and initiating ASIs with detailed drawings and information.
- Developing unit plans, building composites and unit mix tabulations, while verifying the building codes.
- Creating rendered marketing packages, schematic 3D models, material exhibits and updating assembly details.

Tech Support Assistant

University of Texas at San Antonio (Jan 2019 - May 2021)

- Provided technical and software support to UTSA employees and students, over the phone (using Cisco Jabber and Microsoft Teams), as well as in person.
- Made a huge development on my professional communication and technical troubleshooting skills. (for software including Revit, Adobe Creative Suite, AutoCAD and Microsoft Office)

Junior Architect

Uru Architecture Design, Mumbai, India (May 2017 - Dec 2018)

- Collaborated with the studio production team for preparing Construction Document permit sets for high-rise residential and mixed-use projects.
- Assisted with the design development and material selection for an educational building project.
- Created 3D views for interior design projects and made regular site visits.

Architectural Designer

Umesh Bhatt Architect, Mumbai, India (April 2016 - April 2017)

- Worked with the design team on the Design Development for various hospitality and small-scale commercial buildings.
- Assisted the Senior Architects in preparing Construction drawings and tabulations for Municipal approval.

Architectural Intern

Mehta Construction, Mumbai, India (May 2015 - March 2016)

- Introduced Revit at my father's architectural firm, and assisted the staff in switching from AutoCAD to Revit.
- Created Schematic Designs and rendered Marketing Packages.
- Generated 3D models using Revit+Lumion, during the design development.
- Prepared presentations for meetings with the ownerships.
